

Sock Octopus (Socktopus)

What you'll need

Coloured ankle sock
Rubber band
Pen or stick on googly eyes
Stuffing (we used newspaper)

What to do

1. Cut sock at heel
2. Stuff toe with polyester fill or newspaper.
3. Use rubber band to secure fill by tightening around bottom end.
4. Cut sock below rubber band into eight strips for legs.... they will naturally curl.
5. Add eyes and a smiley mouth to give your octopus its very own character!

Have fun!! 😊
