

## Marine Education Officer

We are looking for an outstanding presenter to join our Tingalpa branch in Brisbane.

Ocean Life Education is a small business based at Alexandra Headland on the Sunshine Coast. We provide fun marine education incursions designed to inspire students of all ages to appreciate and take responsibility for the marine ecosystem

Our mobile marine educators arrive with fascinating live marine animals, artefacts, games and information, blending 'hands on' interaction with science. We visit children all over South East Queensland, from early education centres, primary and secondary schools to school holiday programs, libraries and events - wherever our education vans will take us. We are proud to be educating tomorrow's leaders and our next generation of environmental custodians.

### Duties & Responsibilities

Interpretative presentations and handling of live animals  
Actively supporting environmental awareness and protection  
Independent work and travel

### Education & Qualifications

Diploma or Certificate level in Childcare/Education is required or working towards Bachelor of Education

### Experience

At least 2 years' experience teaching children aged 15 months to 3 years is preferred, but if you feel you are a natural with young children please apply.  
Experience handling marine animals is an advantage, but not essential.  
Previous science communication is an advantage.

### Essential

Current Blue Card  
Queensland Manual Drivers License  
Must have exceptional communication skills  
Must have an enthusiastic personality and have a strong willingness to learn about environmental issues.

This is a casual position based out of Brisbane  
Generally Monday to Friday  
Must be available for 7 am starts  
Driving to venues in surrounding regions will be expected.

### Application process

Email your resume and cover letter explaining why you would be great for this role, to:
